## Objective

My objective is to attain an internship that allows me to work in a positive and energetic environment while also gaining experience and skills within that certain field.

## Experience

**High School Haulers**, May 2016-current

**High School Haulers, Owner** [www.highschoolhaulers.com](http://www.highschoolhaulers.com)

Started a business during my Sophomore year of high school, based on an idea my partner and I had to provide a service to our community. We offer trash haul-offs, Goodwill drop-offs, garage clean-outs, furniture moving, and all odd jobs. I have learned a lot throughout the process of running my own business, including how to manage employees, negotiate with clients, develop a website and advertise our business. High School Haulers has developed a strong reputation in our community and continues to thrive.

**Lacrosse and Soccer referee**, June 2013-May 2017

Obtained referee certifications and worked in the Lake Travis youth sports program

**Papa Noel Christmas Trees**, December 2015

Worked in customer service, sales, and delivering Christmas trees to clients

**Lakeway Boat Club**, Summer 2018

Worked as a dockhand, cleaned the boats, filled them up with gas, talked to clients and help them with their boat.
